

We know Animal Systems

Join early? Want more lambs?

Regulin[®] improves reproductive performance. **It's that simple.**

More twins, fewer dry ewes and a tighter lambing window all add up to more lambs in your paddock. **20%* more.**

Whether you want to restock after drought, make better use of your pasture or maximise your genetic gains, more lambs on the ground means more dollars in your pocket.

REGULIN[®]
MORE LAMBS WHEN YOU WANT THEM
